## A BILL FOR AN ACT

RELATING TO EDUCATION.

**BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF HAWAII:**

1           SECTION 1. The legislature finds that the State currently  
2 does not have a fund dedicated to the learning and teaching of  
3 science and technology in public schools. The legislature  
4 further finds that the 2010 National Education Technology Plan  
5 and 2008 Hawaii Broadband Task Force Final Report support the  
6 development of infrastructure in technology and technology-based  
7 learning, both of which are necessary to build and nurture a  
8 globally competitive workforce amongst the public school  
9 students of Hawaii.

10           In light of the current economic challenges facing the  
11 State, growing student population, and new curriculum requiring  
12 science and technology literacy, the legislature finds that it  
13 is in the interest of the State to support and invest in efforts  
14 that foster the learning and teaching of science and technology  
15 in public schools.

16           The purpose of this Act is to establish a trust fund to  
17 facilitate initiatives that promote the learning and teaching of

1 science and technology in the public schools and offer the  
2 general public an opportunity to partner in these efforts.

3 SECTION 2. Chapter 302A, Hawaii Revised Statutes, is  
4 amended by adding a new section to be appropriately designated  
5 and to read as follows:

6 "§302A- Hawaii public schools science and technology  
7 trust fund. (a) There is established the Hawaii public schools  
8 science and technology trust fund as a separate fund of the  
9 Public Schools of Hawaii Foundation, a Hawaii non-profit  
10 corporation. Moneys received from the State, counties, or  
11 federal government, income tax remittances allocated pursuant to  
12 section 235-102.5, and private contributions of cash and other  
13 property, and the income and capital gains earned by the fund  
14 shall constitute its assets.

15 (b) The purpose of the trust fund is to enhance the  
16 teaching and learning of science and technology in public  
17 schools primarily through the award of grants for equipment,  
18 tools, programs, and activities that help to teach and learn  
19 science and technology.

20 (c) The Public Schools of Hawaii Foundation shall be  
21 responsible for the expenditure of moneys from the trust fund  
22 for the purposes of this section.

1        (d) The trust fund may receive contributions, grants, or  
2 gifts in cash or otherwise, from any source. The legislature  
3 intends that the public and private sectors work together as  
4 partners in securing contributions to the trust fund. The State  
5 may appropriate moneys to the trust fund; provided that any  
6 appropriations made by the State are not intended to supplant  
7 the funding of any existing public school programs.

8        (e) There shall be an endowment component of the trust  
9 fund.

10       (f) The aggregate principal sum deposited into the Hawaii  
11 public schools science and technology trust fund, and any income  
12 and capital gains earned by the trust fund but not expended for  
13 grant making or administration, shall be invested in accordance  
14 with policies adopted by the Public Schools of Hawaii Foundation  
15 that strives to maximize the rate of return on investment of the  
16 trust fund consistent with the objective of preserving the trust  
17 fund's principal.

18       (g) The department shall serve as the lead agency for the  
19 public sector and, in conjunction with the Public Schools of  
20 Hawaii Foundation, may provide staffing for the board of  
21 trustees of the Public Schools of Hawaii Foundation or for ad  
22 hoc advisory committees established by the Public Schools of

1 Hawaii Foundation to make recommendations to the board of the  
2 Public Schools of Hawaii Foundation for the expenditure of the  
3 trust fund.

4 (h) The trust fund shall not be placed in the state  
5 treasury, and the State shall not administer the trust fund, nor  
6 shall the State be liable for the operation or solvency of the  
7 trust fund or the Public Schools of Hawaii Foundation.

8 (i) The Public Schools of Hawaii Foundation shall retain  
9 an independent certified public accountant, whose annual report  
10 shall be submitted to the department no later than thirty days  
11 from the date the report is received by the Public Schools of  
12 Hawaii Foundation. The Public Schools of Hawaii Foundation  
13 shall retain for a period of three years, and permit the  
14 department of education, department of accounting and general  
15 services, state legislators, and the auditor, or their duly  
16 authorized representatives, to inspect and have access to, any  
17 documents, papers, books, records, and other evidence, in  
18 electronic or paper form, that is pertinent to the trust fund.

19 (j) In the event of the termination of the trust fund or  
20 the dissolution of the Public Schools of Hawaii Foundation, the  
21 unspent appropriations made by the State, if any, shall revert  
22 back to the State. Any other amounts remaining in the trust

1 fund shall be distributed at the recommendation of the board of  
2 the Public Schools of Hawaii Foundation."

3 SECTION 3. Section 235-102.5, Hawaii Revised Statutes, is  
4 amended to read as follows:

5 "§235-102.5 Income check-off authorized. (a) Any  
6 individual whose state income tax liability for any taxable year
